A Community School of Excellence: Care, Create, Connect and Contribute

TPPS/66/2025

1st October 2025

Dear Parents,

The P6 students have just completed their PSLE examinations. The End-of-Year Examination schedules for P3 – P5 have been issued to all parents and guardians via Parents Gateway (PG). P3 – P5 students will be sitting for their Oral, Listening Comprehension and Paper 1 (Composition) components from next week. P1 – P2 students will be issued year-end holistic report cards based on their learning dispositions as well as their learning outcomes based on tasks and assignments.

The end of the academic year can be a stressful period for our students. Parents can continue to encourage your children to give their best, recognize the symptoms of stress or anxiety and address them.

MOE supports parents with resources related to children's mental well-being, cyber wellness and strengthening parent-child relationships. You may access resources through multiple platforms such as [Parenting with MOE Instagram](#), [Parenting for Wellness Toolbox for Parents](#) and Parenting Resources repository in Parents Gateway.

Parenting for wellness is about nurturing hearts, minds, and spirits. Every small act of love, from listening with empathy to sharing simple moments together, helps children feel safe, valued, and confident. By modelling balance, kindness, and resilience in our own lives, we show our children that wellness is not just a goal, but a way of living. Parenting for wellness is not about being perfect, it is about being present. Through this, families create a strong foundation for children to flourish with joy and purpose.
